

# ERGOBUDDY® Therapy Platforms® LITE

US Patent 7, 993, 726 B2

## PERFORMANCE ADVANTAGES

- ✓ Therapy Platforms® LITE **DO NOT** bunch up, curl up, shift, walk, warp, or wiggle
- ✓ Safety Suspension System Technology (SSST) prevents trip hazards inherent in prior matting alternatives by holding the mat edge to the floor
- ✓ Ideal for semi low motion jobs
- ✓ Resists fluids, compression set, fire, abrasion, indentions and hardening
- ✓ Shipped as a rolled good. Once deployed on floor, it becomes a rigid flooring system
- ✓ Available in Black Diamond Plate (yellow border optional). Also available in ESD (1X10.6 ohms)
- ✓ Available sizes: lengths 1'-50'; width 2'-5'; (ESD widths 3' & 4' only), or to customer specifications
- ✓ Increases productivity, quality, morale, health & safety
- ✓ 3-year warranty

Ergonomically Designed for Maximum Health

Optimum Performance and Comfort

Sure-footed Tracking Prevents Tripping

Proven Injury Protection

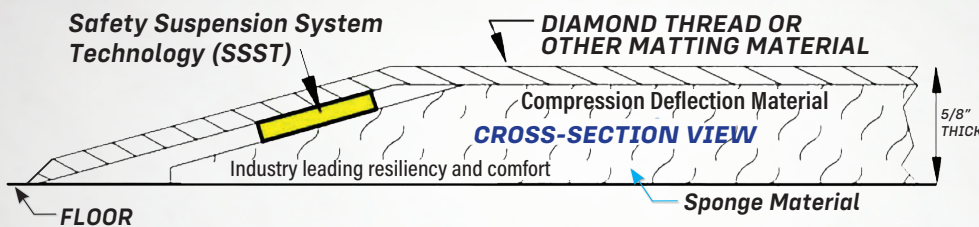

Housekeeping Friendly

Patented Technology

Flame Retardant

Model	Part#	Color	Width (feet)
Diamond Deck Plate	EBTL-D2	Black	2
	EBTL-D3	Black	3
	EBTL-D4	Black	4
	EBTL-D5	Black	5
	Diamond Deck Plate w/Yellow Border	EBTL-Y2	Black/Yellow
EBTL-Y3		Black/Yellow	3
EBTL-Y4		Black/Yellow	4
EBTL-Y5		Black/Yellow	5
Diamond Deck Plate ESD w/Snap-In Ground Cord		EBTL-ESD-3	Black
	EBTL-ESD-4	Black	4

## SSST Technology

**Safety Suspension System Technology (SSST)** is a Semi-Rigid Vinyl Stripping integrated around the periphery of the Therapy Platforms® LITE which holds the edge of the mat to the floor, greatly reducing trips, strains and falls.

TRUSTED BY LEADING COMPANIES WORLDWIDE.
