

ERGOBUDDY® Modular Therapy Platforms

ERGOBUDDY®
Anti-Fatigue Matting

US Patent 7, 993, 726 B2

PERFORMANCE ADVANTAGES

- ✓ Therapy platforms do not bunch up, curl up, shift, walk, warp, wiggle or come apart.
- ✓ Designed with premier closed-cell foam, providing stability and high compression performance, ergonomic comfort, and durability.
- ✓ Resists fluids, compression set, fire, abrasion, indentions and hardening.
- ✓ Offers T connections, L edging and yellow border trim packages. Semi rigid trim edging offers "no trip" safety performance.
- ✓ Available with (ESD) electrostatic dissipative properties with a snap-in ground cord.
- ✓ ERGOWOOD® Modular Therapy Platforms are priced per square foot.
- ✓ Connectable for any shaped or sized area.
